Reflection: What is one thing you learned or enjoyed from the FCI New Foundations of Hope webinars this year?

The importance of community

Spiritual care is essential to good clinical care

Lessons learnt from different contexts

best practices from other country

Our ability to be closely connected as a community even during a time of physical distancing. The network that we have established virtually has been such a source of encouragement

That working together brings great results!

The amazing flexibility and variety of solutions/programs that result from pairing the faith community and global health communities!

Examples of caring for each other across religions, countries, and perspectives.

coming together every month.

In the time of COVID-19, it is the spirit of global togetherness that gives us hope – COVID-19 will be defeated once all people, in all countries, are protected – through our joint actions - from the novel coronavirus.
